July 22, 2022

Dear Mike,

The African American Day Parade is on for Sunday, September 18, 2022, after a three year hiatus due to COVID. We're excited to participate and hoping to have a large CWA presence. We'd love for Local 1106 to join us.

We have a [flyer](#) which we can customize with your Local's name, graphic, and contact information, as well as FB and Instagram graphics you can use.

We've ordered a float as in past years. The total cost of the float is \$3000. We're asking District 1 to contribute, and Locals to contribute \$500. The District 1 and CWA Local logos will be displayed on the sides of the float. One panel of the float includes a memorial to Zeke Cousins, 1101 Chief Steward who died from COVID and was instrumental in the African American Day Parade for many years. The other panel will include the names of CWA District 1 New York members who we lost to COVID, from [CWA's published list](#). The African American Day Parade website is [here](#).

Please let me know by August 3 if Local 1106 would like to participate so we can get flyers to you and your logo to the float company.

Thank you.

Keith Purce, President
CWA Local 1101
