Workshop Highlights

Our conference curriculum is built to strengthen the whole worker, going beyond the job to address the full lived experience of our members. These sessions center on human rights, equity, and inclusion while preparing us to meet the challenges of a rapidly changing labor landscape.

All workshops are actively in development to ensure a dynamic, relevant, and meaningful experience.

Explore Some of Our Featured Workshops:

The Whole Worker – Worker Wellness

Focusing on mental health, work-life balance, and building sustainable workplaces that value people over productivity.

LGBTQIA+ Visibility

Advancing representation, inclusion, and equity for LGBTQIA+ workers on the job.

Nothing About Us Without Us

Ensuring impacted communities are centered in decisions that affect their lives and workplaces.

Gender Justice

Tackling pay inequity, systemic barriers, and workplace discrimination.

Worker Empowerment

Breaking down harmful narratives, empowering individuals, and reclaiming your power.

AI in the Workplace

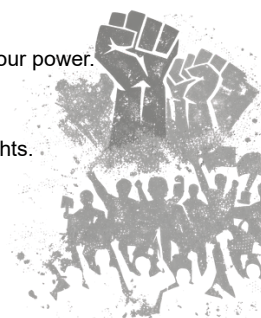

Examining artificial intelligence, surveillance, and their impact on workers' rights.

Understanding Oligarchy & Worker Power

Challenging concentrated wealth and building collective power.

Immigration & Workers' Rights

Defending immigrant workers and strengthening union-led advocacy and support.
